

## Recipients of the E H Thompson Award

### **2009-2010**

C Portalés, JL Lerma and C Pérez: Photogrammetry and augmented reality for cultural heritage applications, *The Photogrammetric Record*, Vol. 24, (128): 316-331 (December 2009)

### **2007-2009**

GH Seedahmed: Autonomous initialisation of exterior orientation parameters using a colinearity search-based solution, *The Photogrammetric Record*, Vol. 23, (121): 90-107 (March 2008)

### **2005-2007**

MJ Grenness, JE Osborn and MJ Tyas: Stereo photogrammetric mapping of tooth replicas incorporating texture, *The Photogrammetric Record*, Vol. 20 (110): 147-161 (June 2005)

### **2003-2005**

A Grün, F Remondino and L Zhang (2004): Photogrammetric Reconstruction of The Great Buddha of Bamiyan, Afghanistan, *The Photogrammetric Record*, Vol. 19 (107): 177-199 (September 2004)

### **2001-2003**

C S Fraser, H B Hanley and T Yamakawa, for their paper: "Three-dimensional geopositioning accuracy of IKONOS imagery", *The Photogrammetric Record*, April 2002, (99), 465-479
